

Equestrian property

8 bedrooms

 1,000 m²

 25.00 hectares

 Private

REF: ICS 1111

Huercal-Overa

€945,000

The main farmhouse is presented in an immaculate condition throughout and luxuriously decorated to a high standard.

Whilst this property could offer buyers a range of commercial opportunities including boutique hotel, weddings, parties, balls / proms, conferences or a fully operational organic olive farm, it could also be enjoyed purely as an amazing home and residence. The choice is yours!

So what would you get for your money? An amazing house with large front terrace, impressive hallway with glass arches looking onto an internal cobbled courtyard, sitting room with feature open fire place, large kitchen and it goes on! A stunning staircase leads to the upstairs with all rooms being situated off a minstrel type gallery overlooking either the internal courtyard or the extensive grounds. All bedrooms are either huge doubles or suites and all come with private or en-suite bathrooms, with most having double doors that lead out onto their own private terrace area.

Outside there are private grounds, 4 good sized stables opening onto an enclosed and gated internal courtyard with tack room & shower, feed stores, garage for trailers etc, paddock with field shelter, olive groves, pool and bar area and of course extensive land. Oh and did we mention there is also a private chapel with its own bell tower, staff quarters and a separate apartment?

This property is very much a modern day hacienda and quite spectacular both internally and externally. It is impossible to do this magnificent property justice with words alone as it must be seen to be fully appreciated and enjoyed. If you have ever felt your calling as Lord or Lady of the Manor, this could well be the perfect property to make all those dreams a reality.
