Idyllic and exquisite country estate with lots of space, located close to the National Park, just ten minutes by car from C mpeta. The property consists of an attractive rustic villa with four bedrooms and three baths, pellet burner central heating, veranda with glass curtains, flowering garden with fish pond, a heated swimming pool, and several terraces. Furthermore two more properties; a self contained finca with one bedroom and a newer villa with two bedrooms and a private heated swimming pool. The two stable blocks have room for 13 horses, there is a large 60x40 m sand school. Also there is a self contained grooms apartment in the stable block which could also be used as a club room. There are large terraced grazing areas, and lots of parking space. This is a property, which here only can be described shortly, and which must be seen, should you consider the idea of owning a country estate in this beautiful part of Spain.
